---

# FINDING:

---

Being a volunteer is self-development. Be useful to yourself and to society. Who is a Volunteer? - during the social practice, many people received answers to the questions "work for free" and "people without work". The society's recognition of volunteers as people without work is a wrong opinion that has developed in society.

A volunteer is the owner of a heart that has a lot of kindness in it

**JOIN THE RANKS OF THE "LEAGUE OF SKMA  
VOLUNTEERS" AND CONSTANTLY DEVELOP  
IN DIFFERENT DIRECTIONS!**

---
