My name is John. It is early spring now and many people catch cold. A month ago I suddenly fell ill. I ran a high temperature. I sneezed and had a sore throat. Also I had a headache and a cough. My whole body ached. My mother made hot tea for me but that didn't help me much. Five days she gave me some pills too, but there weren't any positive effect. My mother told me to stay in bed, then she called a doctor. The doctor came soon. He examined my lungs, felt my pulse and took my temperature. He said that I had flu and told me to stay in bed and to have a rest. He prescribed me the treatment. In ten days I fully recovered and went to school again. When did John return to study?

<question> Read the text - Music in our lives. Choose True or False for the following sentences.

Last month our class planned a few questions about musical habits. Then we asked different students. The result was surprising! A higher number, eighteen, say they like listening to music, as they find it relaxing. Only two people don't like listening to music at all. Fourteen people out of the twenty asked actually play a musical instrument, while only six people don't. Ten people play their musical instrument between 1 and 3 hours a week. And the other four between three and six hours a week. It shows that the best instrument to play is the guitar. Eight people say it is their favourite musical instrument to play. Another four people like playing the piano and they think it isn't very difficult. Concerts are usually popular, especially pop concerts. But only eight people say they like going to concerts: six to pop concerts and two to jazz concerts.

<question> Read the text and choose the heading for it.

Last week, everyone in my class went on a trip to the theatre. We travelled there by coach. The theatre is about 50 kilometres away from school, so it took us about an hour to get there. The play was Romeo and Juliet by William Shakespeare. In fact, it's probably the most famous of all the plays that Shakespeare wrote. We've studied it at school, so I know what it was about. It's a love story, but it's also the saddest play I have ever seen. At the end, several of the people in my class were crying. But I loved it.
