12. Course policy

Minimum attendance of 50 % is required to pass the course. Absences exceeding may affect eligibility for certification.

Timely submission of assignments is required. Extensions are only granted with prior approval and valid reasons. Late work may result in a grade reduction.

Assessment based on participation, written assignments, presentations, and a final exam. Final grades reflect overall performance throughout the course.

Active engagement in class discussions, group activities, and debates is expected. C1 learners should demonstrate a high level of fluency and critical thinking.

Materials (articles, case studies, professional documents) will be provided. Learners are encouraged to bring additional resources relevant to their industry or profession.

Regular feedback will be provided. Instructors are available for one-on-one consultations during office hours to address specific learning needs.

A learner who has scored a low score (less than 50 points) when passing midterm exam has two attempts for retaking and when the next attempt is taken away 10 points from the total score.

13. Academic policy based on the moral and ethical values of the academy

Academic policy. 11.4 Learner Honor Code

The learner aspires to become a worthy citizen of the Republic of Kazakhstan, a professional in the chosen specialty, to develop in himself the best qualities of a creative personality.

The learner respects the elders, does not allow rudeness towards others and shows sympathy for the socially vulnerable and takes care of them to the extent possible.

The learner's pattern of decency, culture and morality is intolerant of immorality and does not discriminate on the basis of sex, nationality or religion.

The learner leads a healthy lifestyle and completely abandons bad habits. The learner respects the traditions of the university, protects its property, monitors cleanliness and order in the learner dormitory. The learner recognizes the necessary and useful activities aimed at developing creative activity (scientific, educational, sports, artistic, etc.), at improving the corporate culture and image of the university. Outside the walls, the learner always remembers that he is a representative of the higher school and makes every effort not to drop his honor and dignity.

The learner considers it his duty to fight against all types of academic dishonesty, including: writing off and asking others for help when undergoing knowledge control procedures; Submission of any volume of training materials (abstracts, course, control, diploma and other works), including Internet resources, as results of own work; using family or service
