## 13. Academic policy based on the moral and ethical values of the academy

Academic policy. 11.4 Student Honor Code

The student aspires to become a worthy citizen of the Republic of Kazakhstan, a professional in the chosen specialty, to develop in himself the best qualities of a creative personality.

The student respects the elders, does not allow rudeness towards others and shows sympathy for the socially vulnerable and takes care of them to the extent possible.

The student's pattern of decency, culture and morality is intolerant of immorality and does not discriminate on the basis of sex, nationality or religion.

The student leads a healthy lifestyle and completely abandons bad habits. The student respects the traditions of the university, protects its property, monitors cleanliness and order in the student dormitory. The student recognizes the necessary and useful activities aimed at developing creative activity (scientific, educational, sports, artistic, etc.), at improving the corporate culture and image of the university. Outside the walls, the student always remembers that he is a representative of the higher school and makes every effort not to drop his honor and dignity.

The student considers it his duty to fight against all types of academic dishonesty, including: writing off and asking others for help when undergoing knowledge control procedures; Submission of any volume of training materials (abstracts, course, control, diploma and other works), including
